### Apple Song:

### The Sweetest Girl I Ever Saw

The sweetest girl I ever saw  
Sat sucking cider through a straw

‘Fair maid,’ said I, ‘I you implore,  
Why suck you cider through a straw?’

She said to me, ‘There is no law  
Gainst sucking cider through a straw’

So cheek by cheek, and jaw by jaw,  
We both sucked cider through a straw.

And now I’ve got a Ma-in-law  
Through sucking cider through a straw.
